DISCLAIMER

This manual is designed to give assisted living staff members a general overview of issues relating to *OSHA and Safety Training for Assisted Living*. As a general and basic introduction to this topic, it is not intended to be comprehensive or authoritative. This manual should not be considered or used as advice or guidelines for any particular situation or set of facts because that would be beyond scope of its intent as a general introduction to the topic. Professional advice concerning any particular situation should always be obtained from legal, nursing, accounting, consulting, and other appropriate advisers.
